

Canterbury Update

We're halfway through the 2019-2020 academic year. W&L students began returning to campus last weekend and began classes on Thursday. The VMI winter break ends today with Cadets returning to Post tomorrow to begin classes later this week. The Rat Line will be ending in late January or the first weekend in February after which the Rats will become 4th classmen. Be sure to greet the Rats and to congratulate them when that occurs.

As discussed during our stewardship campaign we have approximately 200 students registered with us but fewer than 30 who participate in some way on a regular basis. We're continuing to encourage students to participate in activities in the parish and to attend services. You can help by greeting students either before or after the service or when sharing the peace.

James Keane, College Chaplain
